

Title of Event:	International KL Cup 2019				
Description:	<p>UTP grassroots football programme targets boys aged 6-12 years through school, community and club initiatives. The key concept of the programme is to bring together as many people as possible through football. The grassroots programme advocates exchanges and sharing human values and, of course, promotes the pleasure of practising our marvellous sport.</p> <p>For some people, grassroots football is a focus for recreational activities, while for others it is the organised practice of the sport, with training and matches, within a school or club framework.</p> <p>Of course, not all young players will become the stars of the future and they do not all have the skills required to become professional players. So intensive training sessions and complicated tactics are not appropriate.</p>
