

Title of Event:	Technical Talk			
Description:	<p>The event started with a keynote speech from Dr.M.K.A.Ahamed khan at 12.30pm. During the speech Dr.Khan introduced the audience [30 students from electrical and Electronics Degree] the importance of IEEE Society and encouraged the students to become members.</p> <p>Robotic surgery began as a technology-driven innovation but is now becoming a genuine method of improving healthcare effectiveness worldwide. This talk introduced the audience the current trends, using examples of specific systems to distinguish the various types of robotic surgical devices, from remote handling machines to those performing delicate local interventions like Gastroenterology. The talk end by commenting on how to extend existing systems and provide an account of the rapid developments in minimally invasive robotic surgery.</p> <p>The event ended at 2.00pm with a question and answer session and a special thanks to all the audience.</p>
