

Title of Event:	Technical Seminar by Dr. Zafri, Senior lecturer, FE , Uniten University.				
Description:	<p>At UCSI, Faculty of Engineering, Engineering society subject is a faculty subject for all the division students. In the engineering professional world creating a good network to build a strong career is a must. It is important for those enrolled in this subject to know the value of a professional society and their role as engineers in the Engineering society.</p> <p>The future belongs to AI and it is one of the key components in IR4.0. Application of neural networks and the concept of deep learning has become an important factor in the Industries.</p> <p>The event started at 9.30am with a welcoming speech from Dr. Mohamed khan. During the welcoming speech, Dr. Khan introduced the event speaker Dr. Zafri from UNITEN]. Later Dr. Khan briefed the role of Engineers in the society and Dr. Zafri briefed the audience [75Engineering Degree level students], the concept of Deep learning and its application in Industry. The event ended at 11 am.</p>
